Organic Reactions, Volume 72

Synopsis

For all volumes: the volumes of Organic Reactions are collections of chapters each devoted to a single reaction or a definitive phase of a reaction, of wide applicability. The authors have had experience with the processes surveyed. The subjects are presented from the preparative viewpoint and particular attention is given to limitations, interfering influences, effects of structure and the selection of experimental techniques. Each chapter includes several detailed procedures illustrating the significant modifications of the method. Each chapter contains tablets that include all the examples of the reaction under consideration that the author has been able to find.

Book Information

Series: Organic Reactions (Book 78)

Hardcover: 704 pages

Publisher: Wiley-Interscience; 1 edition (December 31, 2008)

Language: English

ISBN-10: 0470423749

ISBN-13: 978-0470423745

Product Dimensions: 6.3 x 1.5 x 9.3 inches

Shipping Weight: 2.3 pounds (View shipping rates and policies)
