Celebrity Superhero: A Kpop Romance Book

Synopsis

When Anna Eom isn't reading fantasy novels, she's obsessing over her favorite K-pop group, SUPER. Each boy in the group has a different superpower, but Sungwook stands out from the crowd with his super-speed and super-strength, not to mention his super-hotness. The day that SUPER's latest music video drops, Anna's mom does the worst thing imaginable and cuts the wi-fi to make her clean house instead. All because some old family friends are visiting them from Korea. Not only are the almost-strangers cutting her time short with her favorite K-pop group, but she knows she's going to be thrown together with a boy she only remembers as a bully. Caleb might be her age, but the last time she saw him ten years ago he stole her precious Disney princess necklace. What's worse is Anna's mom has threatened to clear her bookshelves if she doesn't greet the old friends at the door with a fragile vase as a gift. Anna complies, planning on getting back to her books as soon as she can, but when her parents open the door it's not Caleb standing on the other side, but Sungwook from SUPER. Judging by the way he caught the vase she dropped with lightning speed, his super-powers might not be fiction.

Customer Reviews

I had no expectations when I picked up this book--wasn't even sure what Kpop was although I've seen manga. But I was sucked right into the storyline and characters and raced right through this tale of teen dreams and hot music. I strongly recommend this fun, fast-paced novella.

Delightful romantic comedy. As always, Jennie Bennett's refreshing writing style captures the teenage heart. Anna is a book loving dreamer with a crush on a Kpop celebrity. This is a must read book for anybody who has ever dreamed.

I enjoyed this book thoroughly. It had all the elements of the teen angst. It was great. I would recommend this book to any teen, but especially to Asian teens.

I love Jennie's books and this was my second favorite! It was a fun, quick read and I identified with the main character. I get caught up in imaginary worlds and forget about reality way too often. Also, I may have treated my mom the same way she treated her's as a teen. Thanks for another great read!

I consider this rating because I am a kpop fan to find someone that writes about them is amazing i love u and all of u books and I'm not a big reader but the last two days I have two of u booms . I books for me to read and to imagine them in real life thank u so much for everything.

For the 16yr old kpop fan in all of us. Such a cute read and I loved that it was based in my hometown.

Imagine this: You are a teenage girl with a big crush on a handsome KPop idol, you spend a lot of time watching his videos, and you have his posters all over your walls. Your Mom tells you that their former neighbors and good friends, who now live in Korea, are coming to visit for a week. And they will be bringing their brat of a son, a boy who used to bully you long ago, when his family lived in your neighborhood. Your parents have committed you to show the son around during that week, and you reluctantly agreed. When they arrive and the door is opened, you get the shock of your life.

That long-ago bully has grown up and has now become the handsome KPop idol you are crushing on! His public image shows him as being a friendly young man, but you soon realize that when he's being himself, he's just as much of a bully as he ever was...That's the premise of this book, and it's very funny. You don't even have to like KPop to enjoy this book. This is a cute story that many young girls can relate to, as well as every woman who was once a teenager, or has a teenage daughter.

What a great story. I really liked this one. I laughed and groaned through the whole book that I sat and read in one setting. I couldn't put it down as I had to see what happened next and what crazy thing Anna would think Caleb could do next. Have to say I could see why Anna thought Caleb had powers. I thought it was well written and Anna a hoot. Gotta love teenagers and their love of kpop stars. I received a free copy and my honest review is - a great quick clean story about teenagers that made me laugh and have to see how it ended. There was a touch of mystery/supernatural (Anna thought Caleb really had superpowers after all) along with very funny scenes. I loved reading Anna's thought as the week Caleb was visiting went by.
