Like it

Birthday gift for a nine year old who loves animal documentaries. Nice reference for adults as well.

My five year old granddaughter asked for a book on animals. I thought that this book might be for an older child, but on a whim, I gave it to her. Best gift I could have found.

Looked over the book a few times already and I really like it. I have found the names of the birds I see around my yard and I am also learning about weird looking birds such as the Puffin...Overall really good reference book.

I expected "real" pictures of the various animals. Instead most pictures were drawing-very disappointed.

EXCELLENT BOOK, JUST WHAT I WAS LOOKING FOR

Best book I've ever ordered
