I am so pleased with this book. I have been reading for a long time, however I am always looking for more education. I heard this was a good book. I immediately liked it. There is info about what cards will show up in a certain kind of reading...what cards to look for and what cards to be wary of. I already know this info but, it is always good to get a refresher course. This book would be really good for beginners and others that won't new spreads to use for readings. I like that "The Ultimate Guide to Tarot Spreads Revealed" is super easy to read and it covers all kinds of subjects from money to love to self growth to others. I would recommend this book.

I have a tarot reader for 30 years! And this has really helped me get ready excited about readings. Really broadened my options and I am able to really pin point what I want from my personal deck. Love this book. I highly recommend it!!!!

So funny. I kept checking this book out at my local library, and my husband finally said, "Why not just buy the thing?" So, we did. This book has wonderful colorful pages with almost secret informational links to the colors represented, the numbers, some of the items that you see repetitively in the Rider-Waite deck. My favorite feature of the book is in the very back where it takes the reader way, way back to the 16th-17th centuries and they way they laid the cards back then. The spreads were much, much larger than they are now and have much more information than just a regular Celtic-Cross. The book explains in detail how to shuffle correctly, count correctly and then lay the spread as they did back then. It was great fun. My spreads were so huge, I had to do them under the piano b/c there wasn't enough floor space in our apartment. Wonderful book. Love it.

excellent book, probably one of of the very best I read....

Very informative ... am using several of the spreads and feel I have learned a lot from all the other Tarot information in this book!! I feel this is helping to hone my reading skills!

Such a comprehensive book of many spreads and lots of insight on the cards as they pertain to spreads. I reference this book often for smaller and also more in depth spreads.

Love it! This is a very informative book! I am a complete NEWBY to tarot and I refer to this every time I do a reading (for practice on myself only for now). I would recommend!!!

I would like to give it a 5 but then I wouldn't have a number for the books I really love. Nice book, Really nice binding/printing.
