Cursed: Brides Of The Kindred 13 (Alien Warrior Science Fiction Romance)

Synopsis

This is a plus length novel--over 153,000 words long. Commander Stavros Rii of the Kindred is a Sin Eater--thick black lines cover his back and neck causing him to feel the pain of others. It is a curse that threatens to shorten his life and makes him unable to bond with a female--not that he's ever found one he wants to bond with. Until he meets Charlie. Charlie Sayers is an agent with the Earth Protection Bureau-- and anti Kindred agency dedicated to ridding the world of the big aliens. Charlie joined the EPB out of a sense of patriotism but she has her own reasons to hate the Kindred. But she has bigger problems than the Kindred at the moment--the Enhanced Ones have come to Earth and they're planning to take over the planet, enslave the inhabitants and strip them of all emotion. Charlie can't have that so she agrees to go undercover with Stavros to find the Heart of Love--an artifact which can destroy their mutual enemy forever. On their dangerous and difficult mission, Charlie learns that going undercover with your worst enemy can rapidly turn him into your best friend...or your lover. Can she hold on to her beliefs and stay true to herself, or will she lose her heart to Stavros? And even if she gives in to desire, will Stav be able to bond her to him? Or are they Cursed to be apart forever?

Charlie and Stav. Charlie hates the Kindred because she blames them for her sister's death. Her job is to hunt them down now that they are at war. Stav is cursed, he can feel the pain of anyone near him and will die young and for that reason he will not take a bride. They meet one night while he saves a girl from getting raped and she happens upon him on her way home off shift. She arrest him and her bad attitude starts from there and NEVER ends! Stav is so patient and nice and kind and she is just a bitch! She blames every Kindred for her sisters death and refuses to see good in any of them. She is so snarky through this whole book I just wanted to punch her. Stav fights his attraction because he feels he is not worthy and because he is cursed he has nothing to offer her....but why would he want to! I was not happy that the author chose to torture us more with the "okay we will just be professionals" "okay we will keep emotions out of this" "okay I should not want this"...blah, blah, blah....there was so much almost, just almost being together it got frustrating. That couples retreat place was a little weird too. I really liked Stav, hated Charlie. So if you can't stand, stubborn, bitchy, complaining, whining, heroines don't read this book or you will be hitting yourself in the head with it!

I am sure this won't be a popular review, but I honestly have to say that I found the heroine of this book (much like several of the others in this series) to be weak - not at all a strong woman like you would expect a cop/agent to be (just extremely stubborn and pig-headed to the point she just kept making things worse for herself). It was frustrating. The biting of the lip, stammering, and sexual hang-ups were off-putting. The baby steps/slow build up to bonding, and laughable justifications for sexual conduct just went on way too long. I wanted to yell at the character to grow up, bond with her guy, and let the interesting parts of the story (like the war between the Earth and the Kindred/Dark Kindred) move forward. I always suspend belief when reading sci-fi books, but this one was too much for me. Three stars for quality, otherwise. I like the Kindred, I generally like Ms. Anderson's writing, and I appreciate the editing time that obviously goes into these books.

Predictable. I LOVE Evangeline Anderson, I have read the entire Kindred series and i was just so in love but...its repedative now. The story line is repeating and one thing i just cant stand are these female leads. All so strong and stubborn but when it comes down to getting dirty like they have

wanted the entire time, they stutter. How does ever female lead develop a stutter during foreplay? "Oh..i..i...i guess if you really want to"....what?! They are adults. Most females after the age of 25 dont do that. We are like "Yes! Lets do it!" Probably even take control and tell the guy exactly what we like because were tired of messing around and with a Kindred whats the point?Am I getting too realistic here? I get it...its fiction, but the females are humans from earth so they should be slightly relatable? It really doesn't feel like it. They all go generic and turn into the exact same person. I love all her standalone novels but the female leads are killing these stories.

I have been in love with this series since reading Claimed after getting it because it was free. The stories always make me feel like I am a part of what is going on. The introduction of each new couple brings something a little different to the mix while still allowing you to keep up with those who came before. The planets as well as the inhabitants are so imaginative and strange that they keep you coming back to see what will happen next.Stavros Rii was in charge of the HKR building in Asheville and stayed on Earth after the declaration of war against the Kindred because two people, a Kindred warrior and his bride were not allowed back onto the Mother ship by Councilor Terex. Stavros has not and does not plan to claim a bride but feels that the war is stupid. He has left the remote cabin where they have been staying because he has a feeling that someone on the mother ship is trying to contact him. He just wants to get to the HKR and find out what is needed of him.Charlotte 'Charlie' Sayers had been a detective with the Asheville PD when war was declared on the Kindred. She is more than happy to sign up with the special force that is formed to kick the big aliens off the planet or lock them up as war criminals. She has had a special hatred of the Kindred ever since tragedy struck her family because of the draft. After getting off work she spots and starts to follow Stavros hoping to take him into custody. What follows is more than she bargained for and brings into question her feelings against the Kindred.Stavros and Charlie are definitely one of the hotter couples to grace the pages, maybe because they are both hurt and need each other so badly. I cannot help but feel that everyone should give this series a read because you are either going to love it or hate it. While there is always a level of sameness involved the characters are always great and the story entertaining. You just have to get started.
