Customer Reviews

Make sure you know what songbook you're getting. I wanted Piano/Vocal/ Guitar, but I didn't make sure and ended up getting the Easy Piano. I'm not extremely happy about that but it was my fault, and besides, I love me some Bruno; so, ended up keeping it. Great little song book for beginners. I not sure if it's in the original keys for all the songs. This is a simplified version. I felt a lot of the songs were lower in range, but lowered to fit for easy piano (maybe for singing too). I got this book used, so it didn't hurt as much to hold on to it.

nice

Fantastic song book, just what my teenagers were looking for. Helped them learn the Bruno Mats dongs very fast. Highly recommended.

This stuff is very difficult if you are a beginner, id suggest you you practice more before you order

this. i bought this for my son, but its a bit for him.

I thought this was the cd. gets it and it turns out to be the piano music can I return this?

This is the easy piano version of the album, not the normal copy. I made the mistake of buying this one and now I'm going to have to order a different copy somewhere else. I'm sure the music is great for beginners, but not for people who want an actual challenge. There is rarely a beat where there are three notes that are being hit at the same time; most of the lower hand is tied whole notes. Check before you buy this so you don't make the mistake I did.

You know, the true verdict is still somewhat out on this Cd, for me. I really like it! It is not the same-old-same-old. "energetic! and different." And, i'm certain that i'll buy another of his Cd's. I especially love "the other side" and i like runaway baby, a lot. pretty much like all the songs. I suppose, Mars work is a tad young for my usual taste. I also feel that he could have used more meaningful lyrics at times. However, the more that i listened, the more i really enjoyed his music and his creativity. His work reminds me of "spearhead
