Soul Journeying: Shamanic Tools For Finding Your Destiny And Recovering Your Spirit

Synopsis

This fascinating book by psychologist and medical anthropologist Alberto Villoldo, Ph.D., explains the practices for healing outside of ordinary time and space. It shows how to enter the timeless now to heal events that occurred in the past, and to correct the course of destiny. Dr. Villoldo discusses ways in which you can heal yourself and your loved ones by employing intention through practices used by shamans of the Americas— which, until now, have been inaccessible to most of the world. The shamans of old called this journeying. In this book, you'll discover that in the same way you have a four-chambered heart, you have a four-chambered soul. In the first chamber, you store away the memory of a wound that derailed your destiny. In the second, you keep the limiting beliefs and soul contracts that you entered into at the time of your loss. In the third, you recover the grace and trust that will make you whole again; and in the fourth, you remember the calling and mission that you choose to unfold in this lifetime. “While everyone has a future,” Villoldo says, “only certain people have a destiny.” This book shows you how to find and manifest yours.

When I finished Villoldo's book " One Spirit Medicine" I felt a new beginning was happening in my life. I felt exactly the same with "Soul Journeying..." it fills me with divine energy. Both are books worth to study deeply and many times.
