Tuttle products are available in printed formats as well as popular eBook formats.

The paper's glossy so it's not the easiest to work with. It also tears very easily. I'm folding 1000 origami cranes. This has been my least favorite paper so far. The patterns look great when the

cranes are folded though.

NOT origami paper. High gloss magazine paper with origami designs printed on it. Returned.

Beautiful paper. This pack has lovely patterns, with a corresponding color on the back. Perfect squares that fold well. This paper has a definite shine to it, which I loved, but some people might not care for depending on the project.

Beautiful paper, nice and thick, but not cut exactly in a square and it drives me bonkers every time I fold one! They are only off by like 2 cm, but it is enough to make my want to pull my hair out.

This item arrived by the date specified and was in good condition. I like the colors & designs of this paper. Very nice paper & it looks like real fabric!

GREAT

High quality paper. Easy to work with.

Decent paper. Gets a good fold.
