Learn French With Stories (WITH AUDIO): Improve Your French Reading And Listening Comprehension Skills With Seven French Stories For Beginner And Intermediate ... French With Stories T. 1) (French Edition)

Synopsis

A rewarding and effective method of learning French. If you cannot easily visit a French speaking country and immerse yourself in the French language, reading is one of your best alternatives. A painless and effective way to absorb the French Language. Reading has long been proven to be one of the most effective ways of learning a foreign language. By studying in this way, you should be able to improve your French without the monotonous chore of memorising grammar. These eBooks cover a diverse range of grammatical structures (description, casual conversation, useful vocabulary). No dictionary necessary. Each paragraph is broken down - with French and English Glossary.

“Même si Laura est trop mauvaise cuisinière, et qu’elle est habituée se nourrir uniquement de surgelés. Elle ne souhaite pas rater l’occasion de revoir toute sa famille. Elle réfléchit beaucoup mais ne trouve pas de solution. C’est habituée = get used to se nourrir = to feed uniquement = only surgelés = frozen food rater l’occasion = miss the opportunity réfléchir = think

The text has been specially adapted for use on the Kindle and Kindle Apps. No painful back and forth process of continually searching for definitions or translation. Recommended for beginner and intermediate level learners of French. However, a basic understanding of French would be highly recommended to achieve maximum enjoyment and effectiveness. Perfect for anyone who wants to brush up their French language skills. Improve your listening. Practice your pronunciation and your listening with the free audiobook! (175 minutes/ read by a French Native Speaker). Each story is recorded 2 different ways: A slow version to help beginners to improve their pronunciation A normal and natural speed for intermediate and advanced learners

Never forget the vocabulary again. A vocabulary list recap appears at the end of each chapter. You can review your study and make sure that you don’t forget any essential French words. Useful vocabulary for everyday situations: 7 stories about Travelling, Cooking, Shopping, Love, School, Relationships, Movie. Technical detail : 700 words expressions in French translated in English. MP3 (175 minutes in total) Story Length: 15 000 words (Equivalent of a 60 page book) Free exclusive BONUS: Download Le Horla (a classic from the famous author Maupassant) in parallel text (French and English). and Much, much more! By the time you’ve finished this eBook, you will have picked up 700 new words, learned some colloquial French, some new grammar, and improved your French listening skills (thanks to the MP3). Whether you are about to visit France or are just learning French for pleasure, you’ll be able to apply the vocabulary used in this eBook to make your French sound more natural. Customer Reviews

I don't know about you, but I have a little difficulty in applying language skills.

Vocabulary is easy to learn, but how does it fit? After learning Spanish, German, and Italian, my next focus was French. French has always given me a little difficulty, and that is where this book comes in. If you have a basic understanding of French vocab and a little grammar, this book

will "trick" you into learning by teaching you in seven stories. You

don't realize you are learning until you notice that you are no longer mechanically translating in your head. You are seamless. I found this book along with my Duolingo app were the two best additions to my French learning. Bravo to the author, and I hope they do a Part Deux.

This is an excellent book to start learning French. The stories are easy to follow and there are good explanations of phrases. If you are beginning you will need to hear it as you read. My pronunciation is fairly good so I didn't need it as I went through the first time. At the end of the book there is a link to get the audio. It took me a while to figure which link that was. The download was not that easy for me, however I did accomplish it. That's the only drawback to an excellent format.

I have learnt French on and off for many years. As a result I have more than a basic knowledge of the language but have also forgotten much between periods of learning. I like to read to improve my French but it is difficult to find books that are right for my level; not too hard but still challenging enough to help me improve. I found this book helpful because it was the right mix of those two things. I particularly liked the running vocabulary alongside the text, I found it to be of great assistance for words and phrases I didn't know and it meant that I didn't have to read with a dictionary beside me, constantly looking up words. It was also a good length, not too long but not too short like some similar ebooks are. I enjoyed this book and would recommend it for anyone who has some prior knowledge of French and is looking to improve their skill level, whilst picking up some essential french phrases.

These stories are short, flow nicely and written in an easy read format! They provide an excellent read for beginning to intermediate French learners for several reasons! The content is moving with a nice easy flow, providing dictionary reference by boldly printing definitions within the read. The subject variety of each little story is really great as well and provides a solid vocabulary on many different useful, everyday topics. I did enjoy this authors approach to improving French conversation and vocabulary through short stories. This book is great for brushing up on some conversation and vocabulary to plan a conversation in French!

I have this desire to learn different languages around the world and one of them is French. I dream one day, that I would go there and explore their culture. And this audio book is all I need to learn the French language. It is divided in 3 levels, beginners, intermediate and French. This book is true to its words, It is the painless way to improve your french vocabulary and your confidence with reading and listening. It's easy to master because each paragraph is broken down with a French to English glossary. Though it's a really long book, the audio part is very convenient for me. I was able to listen to it, anytime I want and a big help for me to know the right way to say the words. The exercises after each stories are important because it allows me to apply what I have learned in French language. Worth your time and money!

I've always wanted to learn new language and regretted not listening to my Spanish teacher back in College. Now that I'm older I had more difficulty applying new language. I came across a Kindle copy of "Learn French With Stories: 7 Short Stories For Beginner and Intermediate Students

(French Edition)" in , and I said why not? and since I have the time to do so. I was surprised that it came with the MP3 file of a native French reading the story, for a small price I'd say this eBook offers!! I liked how the author concept of using stories to learn the French language, as it teaches you vocabulary with context which is most helpful in remembering words, than just reading dictionary. The MP3 bit makes this a lot easier for beginners for you to listen and follow how each words should be pronounced correctly. I would say It can be intimidating since French language is difficult to learn, but this eBook might change your mind. Kudos to the author!

The main reason I decided to proceed with this eBook was for the MP3 recording, most I have come across do not have this feature. It's vital to hear the pronunciation, not to mention it was narrated by a native french speaker which was a big plus. I took French classes in high school but never completely grasped the language, I feel this eBook has helped with my specific learning curve, providing a Glossary right in the eBook itself. Actually hearing the speaker really helped me personally, provided me with a more "one-on-one" feel versus the huge classes I'm used to. I took about two years of French classes, I wouldn't say I'm a beginner but I am definitely not an expert either, this was a perfect fit and great for the cost too. Someone who wants to brush up on their French, maybe lost touch with the language would really appreciate this and the short stories were great to read.
