Elizabeth Caperton-Halvorson has lived in the Minneapolis area for 30 years. Raised in Virginia, her experience as a newcomer began with her marriage to a Minnesotan--and nearly ended when she realized she had worn her winter coat through the entire summer the first year she lived in the Twin Cities. She and her family soon discovered the exhilaration of Minnesota skiing and the joy of sailing Lake Minnetonka by moonlight, and she now looks forward to the cycle of the seasons. She has worked as an elementary school teacher and newspaper reporter, and is currently a writer and editor of corporate communications. Her family's hobbies revolve around art, bridge, gardening, and sports.

Although I have not made the move yet, this guide has been very thorough and informative during my planning stages. I've enjoyed finding out about each neighborhood and the different parts of the Metropolitan area. It is helping me plan the preparatory trips prior to the move, and I think it will be very useful for getting to know the Twin Cities after the move. It is fairly up to date, but as with every guide, there will probably be a newer version coming out next year. Fortunately, I didn't have to wait. This one is very good.

this book helped me decide not to move to Mpls.nice place but I don't want to live there.I'm staying in AZ.
