Customer Reviews

I visited the Cultural Triangle in August 2016 with this invaluable guidebook in hand. As with the other wonderful Approach Guides from these authors, they provide outstanding detailed, yet concise, description of the key points of interest. Packed with maps, diagrams, and especially highlight photographs of the most important things to see, I was able to efficiently see these

UNESCO World Heritage sites with far greater understanding and appreciation. *Don't leave home without it!*

Here at Anuradhapura and came across the Sri Lanka Cultural Triangle Guide by chance. A perfect companion for site seeing. Substantial but not overloaded with information. Beautifully and simply laid out, lots of white space, intelligent, economical commentary with equally well designed explanatory graphics. Sections on Dambulla and Sigiriya also excellent. Wish I had found this guide a few days ago! Nevertheless, I have it for Polonnaruwa. Congratulations. I will be purchasing your other guides in the future. Just perfect.

This book enabled me to more deeply understand and then appreciate the sights in the Cultural Triangle of Sri Lanka. Anyone who might desire a deeper historical and contextual understanding of their experience in Sri Lanka ought to read this book before their travels there. It is an indispensable tool for any serious traveler who wishes to appreciate his/her travel experiences to this amazing destination.
