I was recently in the Vatican Museum and the crowds were dreadful. Just too many people and it is one of the wonders of the world, this museum. When people tell me that they are going to the Vatican Museum, I tell them to read the book and tell them to get this one. It highlights the great works the museum hold. Photography is excellent.

I bought this book as a Christmas gift for my mother. She is a die hard Catholic, and was never able

to visit the Vatican. This book is the next best thing to being there. My mother absolutely loves this book, which describes the history of the Vatican, and all the popes.

Gave it as a gift and the person loved it!
