Customer Reviews

Read it about 5 times it was great would have like to read about 1 year after just to see how the 4 of them are doing

Well written and seamlessly blending the different stories to cumulate into the final book. Wonderful. This was my second time reading this trilogy and I long for a follow-up story -even better perhaps another trilogy!

This is the first series I've read by Nora Roberts and so glad I did! Being Wiccan myself I love this story of magic, sisters and fighting the darkness. Mia and Sam have an amazing story that transcends time on Three Sister's island and it definitely shows in the trials they had to go through. Face the Fire had me on the edge of my seat wondering if Mia would make the ultimate sacrifice. I definitely recommend this series to all of my friends.

I've always enjoyed Nora Roberts books. My test is if it takes me away and I think about it after I've finished it...This one passed the test..

Nora Roberts continues to intrigue me with her stories. This book shows ones fight for love and justice and the struggles that go with it. Beautifully written. Cant wait to get started on the next trilogy.

Loved this trilogy! I've never been a big reader of witches/magic books, but Nora made me a believer!!! Great finish to the trilogy!!!

Gah! I guess I should not read all three books at once in a Nora Roberts trilogy. By the last book, I was overwhelmed by the sickie sweetness of it all. I think I will just stick with her stand alone books from now on. Well... I do like her J.D. Robb series, so that will be my exception to the rule.

I really enjoyed reading all three books. Each book had a different witch. If you like something different, this is for you.
