Customer Reviews

My review is for D'Ann Lindun's *Promise Me Eden*, which I have previously read. I'm eager to get to know the other stories included in this multi author boxed set. A couple that once had it all now stands at the brink of losing everything. Once devastating event has changed their lives forever, and neither Adam or Eden is sure how to move forward from here as a couple. Sometimes a major life altering event can bring two people closer, or tear them apart. For this struggling married couple, it tears them further apart, more than they imagined could ever happen. Each struggles with the loss differently, making it harder on the other to come to terms with what happened. As I've come to expect with a D'Ann Lindun story, the emotional punch smacks me, and HARD, right away. Some may think Eden is cold, moody, and other things, but put yourself in her shoes. Could you recover so quickly from a devastating loss? That heartache can easily change a person from who they used to be. Does Eden come across as a bit cold? Well sure, but I can understand where she's coming from. She's not able to deal. But during the story, life- and other family members push her to move forward, and readers see a gradual change in her. It takes time, but she's learning. As for Adam, her feelings for him have changed, but she still carries a torch for the man she married. If only she knew how to let him into her heart again. Adam is struggling too. Eden has pushed him so far away that it's like their an ocean apart, even though they live in the same town. A few misunderstandings occur that just might drive that wedge even further, but Adam is persistent, and the one thing he wants is his wife back. *Promise Me Eden* is filled with a wide range of emotions, and as a reader, i was completely sucked into the story from the start. I had to read until the very end so that I knew whether this broken couple was going to find a way to patch things up and get past the biggest heartache they hopefully never have to encounter again. Well done on another satisfying story that wrung out my heart a few times and had me shedding some tears. By the way, I'm hoping a secondary character gets his own story, because I'm insanely curious about man Eden is working for. If you want a great second chance romance filled with emotional turmoil, I highly recommend *Promise Me Eden*.

Loved this box set - a great value. My only complaint is I've read each of these books before, individually, and one might be an abbreviated version of the original book. I'd still recommend it to everyone.

What can I say? I'm such a sucker for cowboys. I've already read a couple of these stories but reading them again was great. I have always loved D'Ann Lindun. She is one of my favorite cowboy authors. Melissa Keir is also wonderful and RaeAnne Hadley has never let me down. All of the

stories in this box set are so good. I never post spoilers but I will say that I highly recommend this set of stories. You won't be disappointed. Five HUGE stars!

Thoroughly enjoyed the stories in this book set esp D'ann Lindun's story, Promise Me Eden, for Adam and Eden.

Cowboys and cowgirls galore. Easy reads, good storylines, and happy endings. Would recommend would recommend any of the books for lonely nights or rainy days.

I love this group of authors. They each have a way of telling a story that captures your interest but keeps it there and wanting more.
