feel good . This product is sleek, light, and extremely sharp! For what I paid, I thought this was going to be a Walt-Mart knock off quality bread product, but this thing has sliced through every bread I've thrown at it like butter! The handle is also really well designed and easy to get a good grip on, so getting nice, even, straight slices is really easy. OK, there is do not have any problem. my family need to change a new one , very comfortable and very fine .
