This guide was written with the history of the countries in mind. It is for the discerning traveler, not the one day one city person. I especially liked it because of the European perspective and current

details. Of course, it is always disappointing to find that the Republic of Ireland is not included even though I understand why this is so. Perhaps a directive to information on Ireland would not be amiss. I did receive it before our trip! Thanks.

Map was missing, the condition of the book was great. Very informative but would of lived to had the map!
