Goodnight, Campsite

Synopsis

Children love books, almost as much as they love camping! "Goodnight, Campsite" is the perfect place for young readers to start a great outdoor adventure and discover camping options along the way – options from tents to various recreational vehicles (RVs). "Goodnight, Campsite" is set in a beautiful nature park. The story follows visitors as they explore the park during the day (hiking, biking, fishing, etc.), and then returns with them to their campsite at night. Preschool-aged children will love the beautiful and colorful pictures and searching for the squirrel hiding in the pictures. Rhyming text will keep children engaged, as they build sound associations and phonemic skills. Also included in the book is a Campsite Bingo game!

Customer Reviews

This Christmas, we were camping near San Francisco and there was a cute couple with three adorable boys parked next to us. This book was advertised on a bumper sticker on the back of their RV. I ordered the book from the car on our way home. I wished I would have noticed the sticker

earlier as I think it might have been the author and her family! Was I right? If so, your boys were so well behaved and our boys had a blast playing and shooting Nerf guns with them! This book is so cute! It describes the many different groups of campers one might see. The pictures are fun and colorful. My youngest read this for his first reading log after winter break.

Do you like to go camping? Do you use a tent or sleep under the stars? The author, Loretta Sponsler, has written such a fun book about camping. The highlight of this camping trip is Big Meadow Campground. Everyone wants to come to this lovely place to camp. Families with children come to camp, grandparents come to camp in their new big travel trailer, married men have a guy's weekend and come to ride bikes and camp. Hikers come, those who have been hiking for a lovely big time, they make camp. Eat a lot and go right to sleep. Boy Scouts come to camp. They help maintain the trails and work hard. They have franks and grabs for dinner. When you read this book you will discover who comes to the campground, what they do, and what they eat. The author has written a book that all children will like, and their parents will have fun reading this book. The illustrations by Olga Shevchenko, are bright, colorful and so well done. They give the reader a perfect picture of camping life. Every child reading this book will have questions about camping, and all the activities and the yummy food to eat. A perfectly fun time. Recommended. prisrob 03-22-17

I ordered 4 copies of this cute book to give as Christmas gifts to my friends' kids; however, when my family saw the book this past weekend they loved it so much I ended up giving them all of the copies I had. So, I will definitely be purchasing more copies now! This book's fun rhyming text and colorful illustrations do a wonderful job of capturing the varied experiences, adventures, and beauty of camping. My family, kids and adults alike, love this book and can't wait to play Campsite Bingo (found at the end of the book) on our next camping trip. This book will have a special place in our camper!

I am looking forward to reading this with my grandsons. I liked the variety of campers and equipment shown. Fun read!

I liked the premise to this book, especially for children who like camping or adventure or who are going camping for the first time. However, I found some of the prose layout and artwork to be awkward to read/view. However this story did come with a Campsite BINGO game that I feel is an excellent learning/observation tool for kids and parents alike. I would give this story 3.5 stars if

available.

Very charming, well written and beautifully illustrated. Only thing is, my nieces who loved it expect me to buy an RV now! Highly recommend for your kids!

...Everyone wants a camping space." Count me in! Well-rhymed, well-illustrated and loved the topic matter. Hope there is a follow-up as I did enjoy and I do recommend!

Bought these for my nieces and nephews. I like that camping is introduced as a lifetime sport for all ages and includes both sexes. Boys and girls get to fish and hike and play outdoors when it's fun to be grubby and no mention of having to be big and tough or beautiful. Also love the little squirrel who pops up in each scene, and the campsite bingo...inventive.
