So I live in Pa, and we love books about our state. This book has it all in it even ghost stories. It's a very interesting read that many Pennsylvanians should take a look at!

Think you know your state? This series of "Weird (Your-State-Here)" books are delightful and surprising.

Very Happy with everything! Interesting book.

Pretty cool book. fun read.

Love it! Great read That will lead to great adventures with my friends!

Neat book, well written and thoroughly documented. Piques one's interest to learn about and possibly visit many of Pennsylvania's WEIRDEST phenomena and places!

Weird Pennsylvania could have been more appropriately named "Weird Eastern Pennsylvania" as I'd say upwards of 80% of the info in it is centered toward the Philly side of the state. It was still a fun and interesting read, but I'd have loved to have learned about more weirdness on the Western half of PA. Come on, I live here, I know there's all kinds of weirdness to be found! :)

I got this book for my fiancé and he has read it and he lives in P.A., but never knew about some places in his home state. So he wants me to come with him and take a tour of his weird state when I come to live with him. I do much want to go with him and see the places in the book.
