Sanctuary Of The King – City Royal: 13 Tours Of Jerusalem

Synopsis

Sanctuary of the King: City Royal presents 13 tours of Jerusalem, Israel, through the streets and alleys during its days of splendor –œ the periods of the First and Second Temple. This guide book is unique in that it presents the spiritual and social values of ancient Jerusalem as well as its physical, historical, and archaeological aspects. These comprehensive tours will lead to the many historical sites located in and around the Old City of Jerusalem referencing ancient Jewish sources while providing rigorous consideration of the latest archaeological discoveries.

Customer Reviews

this is such an intense story from the beginning. This author has a fab way of writing which will keep your heart pumping till the very last page. This is definitely an emotional and moving story. All of the books are rich with history. Eyal Davidson has a knack for making history come alive.

Every part of the world has its own history. There are so many places, towns, cities, villages, mountains and even forests with each of them taking their own part in our history. Jerusalem, as the capital of Israel is a place that has, if I can say it like this, the richest history in comparison to many

other places. There are also so many books that write about Jerusalem too, which means that there certainly is something intriguing, *“inviting”* and even mystical about it. If you want to go to Jerusalem, then you need a good tour book. *Sanctuary of the King* *œ City Royal: 13 tours of Jerusalem*, written by Eyal Davidson is definitely a good tour book.

Very well written and good pictures with lots of information. Will love to get it on paperback. Definitely recommend it!

Jerusalem is a city, which has strong and huge historical meaning. We do not need to take the Biblical meaning of the city (but if you like, you can) and what significance it holds to see that Jerusalem is truly something special. We do not even need to go there; simply by looking at photos and reading about it will make us feel like we are already there. Since I like to travel a lot, before I go somewhere I have never been before, there are certain things that I like doing. One of them is getting a good tour book and to inform myself about the place. This book is truly great historical/tour book. As we read it, not only that we will discover many interesting things about the city, but we will also see that there is a lot of effort invested into it. Awesome work!

When I want to go to a new place, a place where I have never been before, what I need and what I would like to have is a good tour book. It also depends on how much interested am I in some place, or places where I want to go. Nevertheless, a good tour book is *“a must.”* *Sanctuary of the King* *œ City Royal: 13 tours of Jerusalem* is a great tour book about capital of Israel. It is written in highly professional way and I love it!

This is a well written guide for a tourist. it gives a clear description of the right places in the country. .
