# The Insiders Guide To Hiring A World-Class Dental Team: A Revolutionary Approach To Recruiting, Hiring, Training, And Retaining, World-Class Dental Professionals

## Synopsis

The problems with building a team are so pervasive in dentistry. There isn't a question we get more than "How can we build our team?" or "How can we have a great team?" When we first studied really big successful practices, we noticed that they all had really great teams. We thought it was because they were large and successful that they were able to attract these wonderful teams. We had it backwards. They became great practices because they had wonderful teams and wonderful leaders. The leadership helped their teams get better and better. We will explain how you can go from where you are now to having the kind of team that you have really only dreamt of up until now. Here's a brief overview: Part 1 - Team Fundamentals, Recruiting & Interviewing Part 2 - New Employees: Screening, Selecting & Training Part 3 - Legal Aspects of Hiring and Firing Part 4 - Hiring Providers
