Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way."
—Chicago Tribune
"The best option | Color photos, maps, and diagrams bring the place to life."
—The Philadelphia Inquirer

I don't usually prefer other travel guides to DK Eyewitness, but I was a little disappointed by this book (I have the Australia version and love it). It's a very brief overview of the country and general information, but to plan out a trip you really need more specifics. I wasn't able to check it out before purchase otherwise I probably would have avoided it. If you're looking for a trip planning guidebook with very in depth information, I'd look elsewhere.

This book is decent if you want a general overview of Norway. But, if you're looking for more detail and advice relating to hiking in Norway or details on the non-major populated areas, then this book is not for you.

Book has a lot of information. Trying to use it for a Disney cruise and so far I have not found it that useful because it does not cover our stops (ports) very well. It seems to cover Eastern Norway in greater detail than Western Norway.

Very good. I like all the DK Eyewitness Travel Guides. I have purchased over 10 of them. Will continue to do so for future trips.

Great guide to Norway. It has answered all my questions.

About everything and about nothing. Waste of money

I have found DK's Eyewitness Travel Guides to be consistently the best guide to study before a trip and to have on a trip. I stopped using multiple guides several years ago.

This is an excellent guide for anyone planning a trip to Norway. It provides a complete introduction in compact form describing the country and its culture.
