Customer Reviews

Expected more out of this book, just not what I expected,disappointed,

I love drawing but never had the chance to learn it. But with the help of this guide now I can learn it in my home without any bother. It's very easy and comprehensive, I was able to learn drawing real quick.

Easy step by step guide, not much effort needed all the things are explained well.

This book is a NOTHING. I do not believe any of the five star ratings are legitimate.

Awesome helps a lot $$$!!! Thanks so much I love drawing 3d
