Zendoodle: 33 Zendoodle Patterns To Inspire Your Inner Artist--Even If You Think You're Not One! (Zendoodle Mastery Series Book 1)

Synopsis

Have You Seen Zendoodle Works Of Art And Been Inspired To Create Your Own? But Don't Even Know Where To Start? Maybe you're not even sure what Zendoodle is, or simply don't feel like you're qualified to be an artist. If any of these scenarios apply to you, then my Zendoodle Mastery Series is the answer you've been looking for! Not only will you learn the principles of the Zendoodle Method, but I'll also walk you through step by step in pictures, each of the patterns so that you know exactly how to re-create them in your own artwork! But the benefits aren't just the visual appeal. When You Use The Zendoodle Method Daily You'll Begin To See Changes In Your Life And Your Mindset In A Big Way. How? Well, Zendoodle was originally developed as a way to practice mindfulness and meditation through the repetitive art of drawing these simple, but challenging patterns...each stroke of your pen brings you closer to the 'zen' in Zendoodle. If you're looking for a way to create beautiful artwork that only looks impossible (but is actually quite simple!) then be sure to grab all 3 Volumes of my Zendoodle Mastery Series (that's 99 patterns!). Here's What You'll Find Inside:

- What the Zendoodle Method is
- Common Myths and Misconceptions
- Each step of the Zendoodle process
- 33 unique tangle patterns with step-by-step picture instructions for each pattern
- Common Zendoodle terminology
- The essentials for practicing the Zendoodle Method
- do you really need 20 different pens, colored markers, colored pencils, a sketchbook and tiles?
- How to create your very own "tangle"
- Plus so much more!

So, if you need some encouragement and inspiration to create your own Zendoodle artwork, then let me be your guide and help you along your Zendoodle journey! *** If You Purchase The Paperback Workbook Edition, You Can Get The Kindle Version FREE! ***BONUS: As a thank you for your purchase, you'll find an additional 21 patterns + 10 bonus borders to download for free inside the Kindle version! ==> Scroll up and click the "buy" button to get your copy now.

Customer Reviews

This book was a great help for me as a beginning Zentangler. The step by step drawings were particularly helpful. The author is very gentle in her approach and I need that, as I'm just getting started, because I've never drawn anything before.

I downloaded this to my Kindle and I love it because I can take it anywhere I go. Some of the patterns are much like on other sites but having an assortment of patterns to take with me in such a neat package is just awesome. Its worth the money in my opinion and the follow up email from the author made my day! Thank you Olivia!

I have recently discovered the beauty of Zentangle and have bought several books on the topic. This series is one of the best values on the subject that I've found. The author provides a little background on Zentangle, but my favorite part is the pattern section that includes easy to follow instructions. I also loved the free gift of additional patterns and borders. I bought another in the series right away and was not disappointed.

This was one of the first Zentangle books I purchased. The introduction is good for beginners. It describes how to begin the Zentangle designs and the philosophy behind tangling. Although the step-by-step instructions are clear, I find the patterns unappealing. There were only two of the 33 that I liked well enough to try. You can get a better, nicer selection online. I've found beautiful

patterns on Pinterest!

Not what it was hyped up to be, not to me anyway. Much better books out there, some I already have so I'm going to send this back. BTW not a Zentangle book. I think I thought it would be but I guess I didn't read far enough

This book is amazing. I just got started with the amazing, calming past time of Zentangle. The author explains how to prepare to get ready mentally to begin. She explains about the entire process. You are shown step by how to draw 34 different patterns plus several borders Step by step. color coded drawings are provided. Very happy that I found this excellent book.

I have several zentangle books - this is, by far, the best of the books I have. I am a visual learner and these books have very clear illustrations of the steps to draw various patterns. I ended up buying all 3 books on my kindle. Thanks for creating these excellent guides

Excellent original designs with easy to follow instructions. I look forward to additional Zendoodle inspirations from Olivia Summers.
