This series is wonderful fluff, and as such it is so much fun! Kick a** female lead, lots of her surviving and killing those who challenge that, action action action.

Well written and fast paced. I like the evolution of the main character as she learns to trust others she encounters.

kickass hero who is not perfect, but moving forward anyway. Waiting for the next story with bated breath. Please hurry

Still lots of action and interesting plots.Hal J

I am absolutely hooked on this series. As I have stated before I am presently reading this on me Kindle Unlimited account but will purchase it and book one and hopefully book three . These stories are that good.I support my Inde authors with purchases as well as praise. We have to keep the good works coming.

The staging was just a little overwhelming for me. I found it a bit unrealistic how frequently she dodged plasma shots; but in all still read till the end.

I'm sorry it ended, I wanted more. Outstanding story, great action, good characters. Left you wanting more of Max and Zero and Winston. Got to be another sequel in that mind of Tripp Ellis. Enjoyed this read as much as the first and bought two more of his books. I like the way he writes.

I skipped the violent parts. Book 2 is fast, thrilling, and a fun read. Max*s world seems very corrupt and dangerous.
