Fodor's U.S. & British Virgin Islands (Full-color Travel Guide)

Synopsis

Written by locals, Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years. A perfect combination of the familiar and the exotic, the U.S. Virgin Islands are a little bit of America in the Caribbean, with the addition of beautiful tropical beaches and excellent resorts. The nearby British Virgin Islands have an even slower pace with more low-key--though often quite exclusive--resorts that offer a focus on personal service. All the islands offer easy access to excellent diving and snorkeling. This travel guide includes:

- Dozens of full-color maps
- Hundreds of hotel and restaurant recommendations, with Fodor's Choice designating our top picks
- In-depth breakout features on chartering a boat and diving
- Coverage of St. Thomas, St. John, St. Croix, Tortola, Virgin Gorda, and other British Virgin Islands

Fodor's Guides continue to be consistent through the years. Comprehensive, detailed and in depth with respect to main sites to visit. Was planning to visit either BVI or USVI in the near future. Not sure which islands to go too. Many options exist on both. You need to buy the book to understand my predicament.

Great book! My wife and I recently became dive certified. In addition, we love to travel to the islands. This book has been great to help us plan and day dream about where we want to go next! Highly detailed and very informative!

I went to St. Croix in October 2012. I bought this book months before I went and was able to plan our trip based on the information in this book! If you want more info about St. Croix you can look up my experiences on travelocity: Kamshaft is my username. Every excursion I write about on travelocity was due to my finding it through this book! I'm going to St. Maarten this year and will use this book again! Great book to have if you're a fan of the Caribbean!

Even though you can find all of this information online, we liked having a book to leaf through. It has great information, just be sure to check that it's still accurate if you decide to build plans around anything you find. As to be expected, some restaurants and things go out of business.

The book was simple and easy to do my research to the Virgin Islands. It also had contact numbers so I was able to make advance reservation in advance. This handy travel book is an excellent guide book to make your vacation fun! It's worth it for the price!

We traveled here for our honeymoon and bought this book beforehand, it was SO helpful and led us to a lot of great places!

This is a fine book if you know where you want to go and just need some help with lodging and restaurant choices. It didn't answer the question of why would you choose one island as opposed to another.

I bought this for a trip to St. Croix. There was only a portion of the book dedicated to St. Croix but it was useful. I used it several times throughout the trip to find attractions and restaurants.
