The Art Of Motherhood

Synopsis

Since the earliest humans began chipping away at stones or applying pigment to walls to capture images from their world, they have depicted the maternal figure. From the fertility sculptures of the Paleolithic era to depictions of Gaia, the Earth Mother, in ancient Greece to the countless paintings of the Madonna and Child, representations of mothers, both symbolic and actual, have been one of the most popular subjects in art. The stunning collection of over two hundred artworks pictured in this lovely book ranges from antiquity to the present and includes vases, sculptures, illuminated manuscripts, and paintings. The illustrations are paired with insightful, moving, and humorous quotations by a range of literary and public figures such as Plutarch, Dante, Shakespeare, Mark Twain, Oscar Wilde, Sigmund Freud, and Mae West. Together, these words and pictures offer a fitting tribute to mothers--all that they are and all that they do.

Customer Reviews

Marta Gonzalez is a freelance art historian and successful author.

I love this book and give it out to friends after they deliver. It is small, but the paper quality is excellent, the selections of artwork are beautiful and range from classical statues to modern art. I love to leaf through it when I have a few minutes on hand (like waiting for internet pages to load). The book is a great inspiration to mothers (reminds you why you love this role when you've had an exceptionally trying day with the kids).

A beautiful book, lots of pretty paintings with some really nice quotations about mothers and motherhood. I was really glad to have received it.

Excellent little book for art lovers and mothers. Full of lovely quotes and famous pictures of artwork reflecting motherhood. Great mothers day gift or baby shower gift.

Priceless book depicting motherhood over the centuries and across cultures. Great works of art and amazing quotes to make you laugh and think.

Disappointed in the size of this book. Could put in your pocket. Art work inside tiny. Bought two for Mothers Day for my daughters. Sorry I did. Not what I expected. Good Condition.
