Great

Awesome my kids love it

You will like blaze and not like crusher. This is an exciting story about monster trucks. You will love it! Crusher is a cheating one. Reviewed by Edu age 5 and 1/2 years of age.

Good keeping doings good

Better if it was an audio version, for kids who are still learning to read. Still a good read though!

My grand daughter down loaded this game. I must say it held her attention for hours and it was not a crash bang high stimulation game. Which get her all wound up. It is exciting but not to the point that she is on overload mode as some of these games that are available for kids. I truly appreciate that cares enough to have these kid videos/ games for free for our children to learn non violence behaviors. I would highly recommend this for a child between the ages of 4- 6 as my grand child is 5.
