Sketch Now, Think Later: Jump Right Into Sketching With Limited Time, Tools, And Techniques

Synopsis

Sketching is more popular than ever, but busy lives leave almost no room for sitting down with a pad and pen, and practicing. Many people give up on their potential hobby (and artistic outlet) because they feel they just don't have the time to lay the groundwork. Here's a secret though: you do have time each day to practice, you just need to incorporate sketching into your daily life. Sketch Now, Think Later covers the tools, techniques and tips that author and Urban Sketching Correspondent of Boston Mike Daikubara has developed in his more than 15 years as a practicing artist, and will show you how to fully dive into any sketching situation with limited time and tools, and still be able to produce memorable, great looking, fun sketches!
