Customer Reviews

Poppets are a very subtle art. This book goes into their creation and purpose. Unlike the usual interpretation of the poppet synonym, voodoo doll, the purpose of a Poppet is not so much to cause some event to somebody else, but to cause direction in your own life. It's effect tends to be on the creator, (ie, it could be said a Poppet made for love and attraction causes the creator be more desirable rather than to focus to be more desirous). This book follows that truer purpose very closely in discussing the methods of creation, and disposal.

Excellent book! I "Love" all occult books that teach me how to perform all tasks!

Interesting great read. I wish it was longer though. I really did learn a lot from this but thank you.

This book is very informative. I like how it explains exactly what is needed for each purpose. I would recommend this to anyone that's wants to have help with some issues and believes in it.

This was an excellent read, simplistic, concise. Excellent resource on the topic. I would recommend this to anyone interested in this modality.

This book was pretty good. I enjoyed reading it. It will take my spell casting to a new level. Can't wait to start making my poppets.
