Customer Reviews

"Impassioned, polemical...[a work of] immense scholarship, powers of historical reconstruction, and deep empathy for the world of...the deaf."--Oliver Sacks,

"Impassioned, polemical...[a work of] immense scholarship, powers of historical reconstruction, and deep empathy for the world of...the deaf."--Oliver Sacks,

Fast, great condition, and love!

Fascinating information. A must-read for anyone interested in ASL and Deaf Culture.

Great insight into what being deaf means, in summary I'm no longer a fan of hearing people.

Excellent condition based on delivery. In the book, there are lots of detailed in high educated words used in the book and I believe this book needs to develop simple words for those Deaf people who are in need to learn about Deaf history and culture. But there are some interesting facts in the history that Deaf people in Australia could learn about other Deaf people in other countries. What's

more about history when you want to learn the past events in this world and yet there are some things that was never told? It's best to read what you want to know!

Very accurate and details, but boring. Can't imagine having to read all of this for a class!!! If you are really into Clerc and the Deaf world, this is like a bible.

Some wear on book but in overall fairly good condition. Quick arrival! Great supplemental reading for American Sign Language classes.

since i ordered this book right after ordering another book, "Bus go. sorry!" A friend asked if she could read When the Mind Hears. she is just about finished and is thoroughly enjoying it.

I was amazed by the condition of the book and the price! The book arrived early and was well packaged, not a lot of wasted material, and as I said the condition was like new! I priced this book at stores and found that I saved over 60% off the bookstore cost. Excellent buy for the money!
