Customer Reviews

"[A]n accessible introduction to centuries of political thought." – The Boston Globe "[The Big Ideas Simply Explained books] are beautifully illustrated with shadow-like cartoons that break down even the most difficult concepts so they are easier to grasp. These step-by-step diagrams are an incredibly clever learning device to include, especially for visual learners." – Examiner.com
"Verdict: This book serves as a helpful introduction to the thoughts and theories that have influenced leaders and policy throughout world history. The bright, bold colors and illustrations help make the subject approachable. A good resource for middle and high school students who are interested in political science and history." – Library Journal "With easy-to-follow graphics, succinct quotations, and accessible text, The Politics Book is an essential reference for students and anyone wondering how politics works." – Politico.com

If you have read any other of the books from this series and liked them- you won't be disappointed in this book. Clear explanations, many subjects cover, and I didn't detect any "political bias" to the best of my knowledge.

As expected! Thank you.

Great Product!!

Currently reading. So far so good, as they say.

Bought this for my brother, he enjoys its and the simple ways they work.

Book was for my son who has an interest in the topic of politics

Great Coffee Table Book, it's a fun 'intro to topic' book but like just about any textbook has a few errors so I wouldn't suggest for heavy learning purposes, but on the flip side they make the subject matter fun for novices (children, etc.)

Great book. Love how the ideas are broken down and organized.
