A Warrior's Pledge (Highland Bodyguards, Book 3)

Synopsis

Her Warrior – To forge an alliance between the English and the Scots, Lady Rosamond must marry a Lowland stranger. But when a mysterious attacker threatens the engagement and her life, Robert the Bruce assigns one of his most trusted warriors to protect her. Finn Sutherland – his brooding gaze is almost as dark as his heart, yet Rosamond finds herself captivated by her Highland bodyguard. Now she must choose between responsibility and the searing need Finn ignites within her. His Pledge – Finn is honor-bound to swallow his hatred of the English and serve as bodyguard to Lady Rosamond. He never expects his charge to touch his scarred heart with her warmth and kindness. Worse, her honey hair and violet eyes bring him to his knees with lust. When the threat to Rosamond spirals out of control, Finn does the only thing he can think of to protect her – he stands in for her betrothed as a proxy husband. As desire clashes with duty, Finn's pledge will be tested like never before. This full-length Scottish historical romance is part of the Highland Bodyguards Series, but also can be enjoyed as a standalone novel. Pick up your copy today!

My goodness, isn't the cover one of the best ever!!Also, the book is excellent and well written. I enjoyed how our H had so much pain and anger from what happened to him when he was 17. I enjoyed to see how he grew and let go of those feelings. Our h was a strong and capable and took care of her father and siblings and their people. I loved her caring nature.This is a romance that builds slowly and certainly shocked our H because of his feeling for the English. I loved to see his growth and the connection that built between himself and the h. Because there was a connection when they made love it was with passion and mildly descriptive.We get a lot of drama, suspense, no misunderstanding (which I hate when author's go on and on), plot twists, humor and HEA and a sweet epilogue.Even though this is book 3, and near the end all our character's make an appearance, I feel could still be a stand alone. Highlander Finn Sutherland gets a body guard assignment from Robert the Bruce. The assignment seems straightforward. He is to protect a prospective bride, Rosamond Beaumore, to Laird Kerr Eliot. He is a man she does not know. The marriage is intended to strengthen the hand of Lord Henry Beaumore of Northumbria. Finn was not thrilled that he would be protecting an English noble (Lord Henry) and his daughter, Rosamond. The Englishman had come to Robert the Bruce for aid in part because his lands are very close to the border where the King's men could come, taking what they want. Protection is needed because a masked figure attempted to grab her and take her away. A second abduction attempt does occur but before that attack the Scottish Laird Kerr was contacted but was 'too busy' to come to her aid when he approached. Finn hated the two-month long assignment and hated the English, too. There is suspicion that the bounty hunter organization known as the Order of the Shadow is behind the attempted kidnapping attempts. There is suspicion that the person who is deliver her to a client, is Lord Raef Warren. There are other players in this story. Among them are Niall and Elaine Beaumore, brother and sister of Rosamond. Elaine and Rosamond are very close. Niall is the young brother who believes he can protect his family indicating there is no need to have any Highlanders around to protect family. Laird Kerr Eliot has a small clan along with a keep and is well off. The Laird affairs, though are controlled closely by his mother, Lady Yvette Eliot. She has a less than favorable view of the pending marriage of her son to this "lowly English woman. She sees her son as marrying beneath his/their station. Yvette's feelings lead to negative actions on her part but I will not give away what she plots and plans. Over time, Finn comes to respect and admire Rosamond and does all he can to protect her, even going so far as to participate in a proxy marriage so that anyone hoping to steal her away will be thwarted by the fact that she is already married and cannot be married off to another,. The challenge with the

proxy marriage is that he stands in for Laird Kerr Eliot despite his own growing feelings for the lass. How Finn and Rosamond become close is a story in itself but it is well worth reading about, as she becomes more aware of the Highland Bodyguards and their mission. This is a book with lots of fast paced action, with people who are strong willed and set in their ways, yet changes in attitudes and about people occur. Lord Henry Beaumore, Highlander Finn Sutherland, and Lady Rosamond Beaumore come to see each other in a different light. This is a great read!

Finn Sutherland...I have been waiting for his story! Emma Prince delivered an exceptional story with Finn and Lady Rosamond. Finn is from King Robert the Bruce's Bodyguard Corp he is an exceptional highlander, but he hates the English to his very core. Now his King has given him a mission to guard an English Woman who is to be married to a lowlander in order to form an alliance. The woman was almost kidnapped. He hates this assignment, but he must obey his King...but that does not mean he has to like it. Lady Rosamond has endured a lot in her life. There was a kidnapping attempt on her life and it has shaken her, but she is bound and determined to do her duty to benefit her family. When a bodyguard is assigned to her without her knowledge she is taken aback...a fearless highlander, no less. This highlander always wears a scowl and is not friendly whatsoever, but he is indeed handsome. She is going to change his attitude by killing him with kindness. She has her work cut out for her. This was a very good book. I look forward to the next one. Hopefully, it won't take too long.

I just finished reading the Warriors pledge I love this book I could barely put it down unfortunately I had to at times the storyline is great the characters the sub characters are so lovable it really sincerely is a good read I thoroughly enjoyed it I just loved Finn please consider reading Emma Prince book she is a wonderful author

I don't often leave reviews, but in this case I felt I had to. The books in this series are some of the most well written books I've come across in historical romance. I love the research Emma Prince does and the way she shares the real history of the time with us at the end of the books. This author's work is a real find and I'm definitely going to be buying more of her books!

Emma Prince is one of my favourite authors as her books take me back to medieval times. Her stories are intriguing and her characters are believable and loveable. I would recommend her books to historical romance readers for a great escape into an exciting and romantic time that fascinates

so many of us.

As always an exiting, captivating, medieval historical Romance , I lost sleep over because I could not put it down.I have read all Emma's books as she is one of my favored historical Authors. I love her endings, always with an Epilogue and and I very much enjoy her Author's Note on the end, explaining some of the real events in the book with the fictional love story.

Love and appreciate the research that goes into Emma's books. And I especially love the author's notes at the end, explaining the little tidbits of historical details she finds. I recommend all of Emma's books!
