Customer Reviews

"One of the Top 10 Books on the Environment for Youth (2011)."--"Booklist ""[A] valuable how-to manual for [anyone] wishing to protect our precious resource of water."--"VOYA""Kaye and Cousteau have given us a call to action. All forms of life as we know it depend upon our oceans and waterways. Saving them is not a matter of good will; it is imperative for our survival." --Laurie David, Author of "The Down-to-Earth Guide to Global Warming""Kaye and Cousteau have set the stage for active involvement of young people in the preservation of their oceans and their planet. It doesn't get much more important than that."--Robert Shumer, Ph.D., "Information for Action: A Journal for Service-Learning Research with Children and Youth""Each packed spread combines clearly explained scientific concepts with lists, diagrams, and eye-opening statistics . . . color photos deliver

a high impact . . . With a balance of sobering facts and inspiring accounts of communities creating real change, this welcome title will attract a broad range of student researchers, casual readers, and committed activists, who will particularly benefit from the extensive resource lists."--Booklist "Not just another book about the environment, this volume . . . [has] outstanding features [that] include fact-filled sidebars, stories about scientists, full-color charts, and an abundance of high-quality photos . . . Instructors will find this to be a valuable resource for planning active learning exercises."--"School Library Journal "(starred review)100 Best Children's Products--Dr. Toy 10 Best Socially Responsible Products--Dr. Toy"Going Blue is an essential book for teens, parents, teachers, and everyone who cares about the future of the planet. A must-read."--Dan Buettner, New York Times Best-Selling Author of "The Blue Zones "and "Thrive""One of the Top 10 Books on the Environment for Youth (2011)."--"Booklist "2011 Nautilus Silver Award winner2011 Nautilus Gold Award winner100 Best Children's Products--Dr. Toy10 Best Socially Responsible Products--Dr. Toy""2010 "ForeWord Reviews" Book of the Year Award Winner""Going Blue "is an inspiring call to action for youth around the world."--Roots & Shoots, a program of the Jane Goodall Institute

Cathryn Berger Kaye, M.A., is an international service learning consultant and a former classroom teacher. She works with state departments of education, universities, school districts, and classroom teachers on a variety of education issues such as service learning, student leadership, and respectful school communities. A sought-after speaker, Cathy lives in Los Angeles. Philippe Cousteau, grandson of Captain Jacques Cousteau, is a correspondent and spokesperson for Discovery Education and the Animal Planet and Planet Green channels. He is founder and CEO of EarthEcho International, whose mission is to foster extraordinary leaders to take action to restore and protect our oceans. Visit www.earthecho.org for more information.
