The Complete Idiot's Guide To Freemasonry, Second Edition (Idiot's Guides)

Synopsis

What is the truth about the Masons suggested in Dan Brown's The Da Vinci Code? Can Freemasonry really be dated back as far as Babylon? Did they really coordinate the Boston Tea Party and the American Revolution? What really goes on at a Mason lodge during an initiation? Here is the real story behind the secret society that now boasts nearly five million members (and has included such illustrious fellows as George Washington and Benjamin Franklin), as revealed by a Master Mason. - Offers a highly illustrated field guide to Masonic jewelry and symbols - Includes further reading, a glossary, a list of famous Freemasons and information on Freemasonry in popular culture - Morris is a Master Mason

Customer Reviews

S. Brent Morris, Ph.D., 33, is managing editor of the largest-circulation Masonic magazine in the world, the Scottish Rite Journal of the Supreme Council, 33, S.J. A former mathematician with the federal government, he's been invited to lecture at over 100 universities, has taught at Duke and Johns Hopkins Universities, and is currently on the graduate faculty at George Washington University.

You don't have to be stupid to learn a lot from this book. It is written by an expert and is the real thing. There are many Masonic groups which are recognized as authentic. This book will tell you a

bit about most of them.

Great book. Absolutely loved it. IF you are looking for an expose on ritual you are barking up the wrong tree. This book did a good job dispelling a lot of the myths that exist around masonry.

Dr. Brent Morris updates his Complete Idiot's Guide to Freemasonry very nicely in what turns out to be a very informative book for new Masons, long-time Masons, and even non-Masons. Dr. Morris outlines many details about the craft in clear, concise terms. New Masons can read this book to get a better understanding of the centuries old fraternal organization they have just joined. Men who have been Masons for many years and may be very active in the Lodge can still benefit from this book by seeing information provided in a new light. Non-Masons, especially anti-Masons, can benefit from reading Dr. Morris, hopefully clearing up their misconceptions.

If you're not a Mason, this is a great source to find basic information about the fraternity, to learn the amazing accomplishments of its members, and the incredible philanthropy that happens every single day. If you're already a Mason and are seeking those obscure connections & facts, the place to find those as well. Nicely done.

A very informative read for a new Freemason.

Excellent introduction to Freemasonry

I am very familiar with the author and purchased this item for a new member of the fraternity. It is a great introduction for new members and particular those that are interested in pursuing their education in freemasonry.

The book gives good insight into masonry.
