I wanted a play version of the novel we were reading in class. So I quickly looked it up on . This book came the same week that I wanted to use it in my English/Language Arts classroom. Thank you .

I found this book to be extremely misleading and confusing since it is a script based on a book. I wanted to buy the actual novel, but got the script. It's a pain.

I purchased this for my son, who is 9 yrs. old. He was so thrilled with it. He keeps saying that he can't believe he owns a real movie script. He loves this series of books and has read them all, so this was a natural addition to the collection. A definite recommend!
