The series Texas K-9 Unit begins with Tracking Justice, followed by Detection Mission and then Guard Duty. Explosive Secrets continues the mystery introduced in book one with romance, faith and facing danger. Each novel centralizes on one main character in the K-9 unit along with whatever situations the team of handler and trained canines are called in to solve or assist. In the fourth installment, readers meet a police officer and his dog who also served as a team when

deployed to Afghanistan. The dog still suffers from some of the traumatic experiences while serving but as long as this brave canine is able to point where bombs are, he remains a part of the unit. So when Nicki gets targeted by a criminal syndicate operating in Sagebrush, the police suspect she knows her dying cousin's confession. No matter where Nicki goes trouble and danger seem to be close by and therefore the captain assigns Jackson and his bomb sniffing dog as her protection. Many in the unit don't believe that Nicki knows nothing as she claims, but Jackson and his uncle do. I hope these small tantalizing tidbits intrigue you enough to read and enjoy the series. They are exceptionally written stories. They contain adventure, danger, romance, faith and so much more. With each book, readers come a little bit closer to identifying the man at the head of the syndicate known as "The Boss". Two more stories and I bet it will be an awesome ending to the whole K-9 novel unit series! Get the books and be prepared to get lost in the enjoyable tales!

I have series. Texas K-9 series is sure to give you a fulfilling read. Explosive Secrets includes Nicki Johnson whose criminal cousin from book Guard Duty was implicated Nicki of wrong doing. Officer Jackson Worth isn't sure what side Nicki is on. However his bomb- sniffing K-9 dog Titan and Jackson's uncle have no reservations. Did you know dogs can have post traumatic syndrome? Titan does his job, but his time overseas has effected as well as his partner. This is book 4. The another of the "boss" middle management has been taken out of the picture. Thanks Valerie Hansen for giving us a look into the lives of Titan and people who journey through this series.

I have really enjoyed this book. Nicki's new found faith was strong, but her life was in shambles. She is pregnant, she lost her job, and she has someone trying to end her life. The madman called and finished the conversation with the word "Boom." She called the police to report the threat, and that's when she met Jackson, and Titian. Jackson is a k-9 officer, and Titian is his dog. With every new threat that Nicki faced Jackson and Titian was there to help her through. I also really enjoy Harold's personality in this story. He was Jackson's uncle. He lived out at the ranch with Jackson. Jackson, and Harold needed a cook, so they hired Nicki to be their cook. She moved to the ranch, so the two men could better guard her against the dangers that seemed to be following her. The two men enjoyed having meals cooked for them, but the threats against Nicki didn't stop. This story offered action, suspense, Romance, and also a dash of humor. Sample from chapter 12 He snapped a leash on the dog's collar and took command. With one arm around Nicki and the other controlling Titan, He hurried them away. Harold met them at the door to the barn. "What's all the yelling out here?"

You two are scarin' the chickens right off their nests." "Nicki says Titan alerted," Jackson explained as he passed both his charges to the older man. "You stay put with them. I'll call boomer and get the bomb squad out here to check the truck." "If that's where the explosive is supposed to be, I reckon I'll back up a tad more," Harold said, slipping an arm around Nicki's shoulders. "Come on. We'll go into the barn." "Sample from chapter 14" "I wish I had a sidearm to carry in a holster the way you and Harold do." "That's all we'd need. Arm the cook, and we'd never be able to tell you we didn't like your recipes."

Being a dog lover and enjoying training of dogs, I really enjoyed this book. The mystery is a continuance through all the books and this was one of them. I like the romance part along with the dogs and the mystery. I would recommend this series to any dog lover who loves romance and a good mystery. The last book in the series did explain everything and answered all the questions.

Explosive Secrets is another excellent romantic suspense book in the Texas K-9 Unit series written by author Valerie Hansen. The plot continues.

I walked away from this book repeatedly, which is not like me. I'm sorry but I don't see how it can get 5 stars, but that is just my opinion. I had a hard time believing she acted like she was 34 years old. It didn't pan out for me and suspense part was very slow. I enjoyed the uncle and his personality. The dog was fantastic and the hero very nice. I just couldn't get into their love story. It happened too fast and she just left me lukewarm. So far the book written by Margaret Daley has been the best in the series.

I loved this book! This was the 4th installment in the Texas K9 Unit series. I love how there are so many side stories within the big picture/mystery of this series! This is the story of Nicki, who we briefly met at the end of book 3. Nicki is the cousin of the Serpent, and someone is out to get her. Good thing she has Jackson Worth and his trusty K9 companion, Titan! This was a fantastic book and am anxious for book 5!!

This is the fourth of six books, all of which are like long chapters of a really long book..or like a mini-series on TV. I saw a few editorial mistakes, but other than that, I found these books to be very enjoyable even though you could sense some of what was going to happen. Give this book a try. While the big issue isn't solved until book 6, something is solved in each book, so there is a sense

of closure for the theme of each one.
