Customer Reviews

The Editors of *Think Italian!* magazine are experts in Italian-language instruction and culture. Native Italian speakers, many of the writers of *Think Italian!* also teach the language to secondary and post-secondary level students.

This book is great for understanding many of the idiomatic expressions used in writing and conversation as well as defining many of the words in the articles. I find it to be more of a read/research project than a fun read. It lets me know that I'm more like a grade school student of

the language than a high school or college student. I put the book aside for this reason.

Little change from previous edition and no CD. Contacted publisher to get help to access online audio. Prompt reply but of NO help and never found a way to access audio. Stick to older edition.
