Stack The Deck Revisited: Updated Patterns From Stack The Deck!

Synopsis

Thousands of quilters around the world have discovered Karla Alexander's Stack the Deck technique, and the overwhelming response is--they love it! In this volume, quilters will be thrilled to find much-loved patterns from her now-out-of-print first book, Stack the Deck! Each pattern has been remade in today's exciting fabrics, and several of the original designs have been modified slightly for a fresh new look. With these 11 fun projects, Karla opens up even more possibilities for her popular stack-slice-and-shuffle method.

Karla Alexander lives in Salem, Oregon, in a two-story 1950s house where her studio is just outside the breezeway. The household includes her husband, Don, and the studio dog, Lucy. Karla has written several books on the art of quilting. She also has a pattern line under the name Saginaw Street Quilts and she is a designer for Creative Grids Rulers. As the years have rolled by, she has watched, enjoyed, and been intrigued by the changes in the quilt industry and has always found her niche there, one way or another. Karla is fascinated and inspired by the patterns found in everyday life--baskets, freeways, the view from an airplane window, doorframes, you name it. The patterns she sees are often reinvented as quilts or provide the springboard for many of her designs. As a teacher, Karla enjoys immersing herself among her students, knowing there is a lot to be learned from each one of them as well.

Great quilt book for interesting and unusual quilts

WOW!! This will really come in handy when wanting something different and unusual for that perfect quilt top. Now my sister will have to borrow from Me. (I'm usually borrowing from her) Wonderful book, GREAT Shipper!!! Received promptly. Would buy from again!

A MAZINGFUN AND DELIGHTFUL QUICK QUILTS TO MAKE AND ENJOY. VERY COMPLETE AND SIMPLE INSTRUCTIONS. A MUST HAVE FOR BEGINNERS THRU ADVANCED QUILTERS.

Since I've only been quilting less than 6 months, I want to do it the easy (and easily understood) way. This book explains the "stack and whack" method --- easy to understand and easy to sew --- the results are beautiful, and easy quilts.

Found new techniques that are applicable to old patterns as well. Enjoyed the book and will keep it in my library of quilt books that I will keep forever.

I was already a fan of Ms. Alexander. I have all of her previous books on this theme. I love the free form nature of this method of piecing. Great for scrappy or planned quilts. Points don't match...no worries, be happy, just sew on.

Fast shipping and book is just as described. Many new patterns for crazy quilts and a new concept in creativity! Thank you.

Just as described and exactly what I wanted.!!!
