Audubon Wildflowers Wall Calendar 2017

Synopsis

Joyful heralds of the season, wildflowers adorn landscapes with their brilliant but fleeting glory. A hillside carpeted in a purple haze of Prairie Verbena. The vibrant petals of California Poppies. A hummingbird fluttering near Scarlet Beebalm. And a colorful desert landscape of red rock formations, saguaro cacti, and golden Brittlebrush. AUDUBON WILDFLOWERS delivers twelve portraits of North American blooms photographed in their native habitats. These are nature's gardens, captured at their most vibrant and most beautiful.

Each year, this calendar is our go-to favorite. Glorious photos! We also like the care taken with the shipping -- calendar always arrives in great shape. Thanks!

As I do every 1st of the year I mark all my town's recycling days on the calendar. 2 or 3 days each month with a big red R. Hubby follows that to a T. Not this one, where the pages came loose and I

had to use clips to secure them. Very disappointed. I might as well use the town calendar with all the advertising. The quality is better than yours.

Another beautiful calendar!

This calendar is perfect for notations (the ink from my pen doesn't smear when I write on it; it's also a perfect size, with plenty of room for notes); it's the only "physical" calendar I own (which I use together with my digital calendar on my computer/smartphone)....

I hate picking new calendars out. This has great colorful pictures and large enough area to note events and birthdays. We will probably get this every year.

Beautiful, high quality paper and cheerful prints of birds and flowering plants, nice for any room ! The calendar has large spaces for jotting down notes.

It's large, beautiful, and informative. And it was not as expensive as many. It's on the wall by my puter desk right now. Very pleased.

Great pictures
