## Synopsis

“Your life can change in an instant” Madden never thought a night out could change everything. All I wanted was to dance, drink, maybe take a cute guy home for a night of fun. I met the guy, but the night ended as a nightmare. Screams, and blood, and tragedy haunt my dreams. I’m alive and I owe it all to the gorgeous marine who refused to leave me for dead. But how can I start a new relationship when I’m not even sure who I am anymore? “I’ll always save you” ~Thane After a long work week all I wanted was to let my hair down and to meet a nice guy. When I laid eyes on the gorgeous, tattooed man at the bar, I had to have him. I never would have thought the night could end in such horror. I saved his life, and I swear I’ll save him as many times as I have to. Even if it means saving him from himself. \*\*This is the first book in the Heathens Ink series in which every book can be read as a stand alone. CAUTION: this book is recommended for readers 18+ and does contain one scene of graphic violence that may disturb some readers. And, in case it wasn’t clear from the description, this is an M/M romance, man parts will be touching.

## Customer Reviews

Love the story line and how it brought Madden and Thane together. The love between the two of them, through the trauma of the events that happened. Madden coming into himself and still realizing he could love himself no matter what had happened in the past. And Thane realizing by letting Madden go off on his own, it strengthened their relationship. Kudos to the author for an awesome story, can't wait for the next book in the series!

You know that feeling you get when you start an amazing book. That feeling, of never wanting it to end, *Rescue Me* is one of those books. The emotional roller coaster that you follow Thane and Madden on is enough to test the strongest of relationships. You can't help but root for them no matter what! This is an emotional tale of love that grips you by the heartstrings and drags you through the mud just before cleaning you up and giving you exactly what you need Madden, oh my sweet sweet Madden. This man may be gay but gosh darn it I am claiming him now!! He is so sweet and you can not help but want to put him in bubble wrap and keep him safe in your pocket. Thane, amazingly hot firefighter, Thane. *Rescue me Thane, save me Thane*, the heat in their relationship is more than I think even a firefighter can handle. When I first started *Rescue Me* I really wasn't sure just how K.M was going to top her last release, but like always I was pleasantly surprised. This is an amazing start to what promises to be an incredible series!!! I can not wait for more

INTENSE, EMOTIONAL, & PERFECT! Hook, Line and Sinker! That's right am now a GONER for this series! This is the first book I have read by this author, and let me just say...this book just blew me away. It was utterly amazing. The storyline (omg the storyline!) was just fantastic! It was so raw, emotional, and real. I was hooked from the first chapter! Thane and Madden are such strong, and amazing characters. Going through so much together.. this book was just so good. An amazing beginning to a new series! If you are thinking about picking this book up, I highly recommend it. Am so glad I did!

What a fabulous start to a new series. Madden's past is filled with so much pain and yet he managed to change his life around with the help of his amazing friends and Thane who is beautiful and so very protective of Madden. I loved everything about this story, the pacing, the characters are brilliantly developed and the chemistry between Madden and Thane is so perfectly hot. This is the first book i have read by KM Neuhold but i can guaranty it will most definitely not be the last, in fact i am anxiously awaiting the next book in the series.

I really enjoyed this book. Madden and Thane have an instant connection that grew into a beautiful relationship. Looking forward to the next book.

So new author for me. I sort of stumbled upon this author thanks to a recommendation from a Facebook page I follow. I was so happy I did. I real enjoyed this book. I thought it was well written with well developed characters. I am so looking forward to the next book in this series.

I loved tbis book so much and i am glad there are going to be more to come.Thayne and Madden meet at a night club and then tragedy strikes. This story is about helping out someone when they need help and who knows what might come of it.A very enjoyable read.

Bravo! I love to read m/m books and when they bring real life issues front and center then show the after effects that are caused, I absolutely feel the emotion. Definitely continuing this series!
