Steck-Vaughn Core Skills Social Studies: Workbook Grade 6

Customer Reviews

Average. The book is laid out nicely enough and kept my children's interest. But, I bought this to use for homeschooling trusting that it was introducing topics that would be common core related. I also assumed it would be good preparation for the Stanford test. It was not on both counts. I had a third and second grader and had these books for the corresponding grade level. I supplemented the workbook topics with projects, library books, further discussion, field trips, DVDs, etc. I felt confident for them going into the Stanford test. My children both did poorly in this one subject. After researching the common core based test questions, I discovered there were numerous topics and people (Rosa Parks, Eleanor Roosevelt, etc) and Indian Tribes that had not been presented in these workbooks. Hope this helps!

Easy to use yes, maybe for a 1st grader. There's hardly any content! Even along side other curriculum it's pathetic as supplement. I seriously think it's more appropriate for a much lower grade level.

Perfect for practice at home.

LOVE IT PERFECT FOR MY CLASS

Perfect, just what we were looking for

This is a pretty good book. My daughter really likes the lessons. Also makes teaching and discussion very easy.

Adds variety for my home schooler! Thanks
