Brilliant book, even better than I dared hope. Well written with a wealth of interesting history from the

time it was new right up until present day. I had not realised before I read the book just HOW special this one car was and the number of famous car people whose hands it passed through over the years. I cannot recommend this book enough for anyone who might have an interest in these (rightly) famous Ferrari car series.

Excellent overview of not only 250 gt swd chassis number 2119, but the entire 250 gt range.
Excellent addition to any tifosi's library

super
