Cabins In The Laurel (Chapel Hill Books)

Synopsis

In 1928 New York native Muriel Earley Sheppard moved with her mining engineer husband to the Toe River Valley - an isolated pocket in North Carolina between the Blue Ridge and Iron Mountains. Sheppard began visiting her neighbors and forming friendships in remote coves and rocky clearings, and in 1935 her account of life in the mountains - *Cabins in the Laurel* - was published. The book included 128 striking photographs by the well-known Chapel Hill photographer, Bayard Wootten, a frequent visitor to the area. The early reviews of *Cabins in the Laurel* were overwhelmingly positive, but the mountain people - Sheppard's friends and subjects - initially felt that she had portrayed them as too old-fashioned, even backward. As novelist John Ehle shows in his foreword, though, fifty years have made a huge difference, and the people of the Toe River Valley have been among its most affectionate readers. This new large-format edition, which makes use of many of Wootten's original negatives, will introduce Sheppard's words and Wootten's photography to a whole new generation of readers - in the Valley and beyond.

Book Information

Series: Chapel Hill Books

Paperback: 302 pages

Publisher: The University of North Carolina Press (September 1, 1991)

Language: English

ISBN-10: 0807843288

Average Customer Review: 4.4 out of 5 stars 11 customer reviews

Best Sellers Rank: #553,424 in Books (See Top 100 in Books) #111 in [Books > Arts & Photography > Photography & Video > Architectural > Houses & Hotels](#) #10016 in [Books > History > Americas > United States > State & Local](#)

Customer Reviews

A treasure of insight into selected aspects of mountain life in the early 20th century."Choice""This work is an important contribution on Appalachian culture, and this new edition is very fine indeed."Southern Folklore""This work is an important contribution on Appalachian culture, and this new edition is very fine indeed."Southern Folklore"

A thoroughly likable, instructive and entertaining book.--New York Times Book Review A treasure of insight into selected aspects of mountain life in the early 20th century.--ChoiceThe most friendly, easily read, vigorous, zestful portrait of Appalachians we have from the past.--John Ehle, from the ForewordThis work is an important contribution on Appalachian culture, and this new edition is very fine indeed.--Southern Folklore

A great read for those interested in life in the mountain country of the southeast during the early, mid and late 19th century, with some readings reflecting the early 20th century. But bear in mind the great majority of this story is told by a lady in 1928, whose recollections are mostly about what was rather than what is. If you're looking for examples and guides about how things evolved for these folks, this probably isn't the book for you. It is largely a collection of stories related to the author by those who came long before her. steve

Read this book as an adolescent and always wanted my own copy. Re-reading again 40 years later. Love this area of the Appalachians.

I did like this book although it gets a little draggy. lots of history in this and maps to show what is where today. the Toe river is a beautiful place with some fine fine folks still living there today. they are great neighbors, willing to help out and this OUTSIDER from New York made a place for herself by making friends, learning new ways of doing things. would buy this book again.

As advertised! No problems. Thanks

If you are interested in the highlanders of Western North Carolina, this book is for you. Written in 1935, it has much detail concerning the lives of these special people. Many great photos and narratives of their personal experiences.

Thanks

A book that I read many years ago and enjoyed. I purchased it because it was not available in my local library for a reread.

This book has a picture of my ancestors.
