# Star Wars - Tag & Bink Were Here (Star Wars Universe)

## Synopsis

Collects Tag & Bink Are Dead #1-2, The Return of Tag & Bink: Special Edition & Tag & Bink: Revenge of Clone Menace. The infamous exploits of this hapless Rebel pair are now collected in one single, attractive, and highly portable volume! Officers Tag Greenly and Bink Otauna were minding their own business aboard a familiar, princess-harboring freighter when they suddenly found themselves under siege. Now under attack by the Empire, they will choose life over a noble death and "borrow" the armor off a pair of deceased stormtroopers. Their new disguises might get them off the freighter alive, but they'll also lead Tag and Bink on an adventure neither could have predicted! Chock-full of appearances by everyone's favorite Star Wars characters, Tag & Bink cleverly weaves the pair's misadventures into the movies themselves. No setting is safe as they traverse the galaxy from the Death Star to the Sarlacc pit to Cloud City to Endor!

## Customer Reviews

All of Tag and Bink's adventures in one book! SO worth it!

This is definitely Star Wars done silly. Tag and Bink manage to stumble through almost every

important scene of the saga while they try to keep from getting blasted. While the story is humorous, it still has its own consistency that keeps it entertaining and manages to keep true (more or less) to the saga. There are plenty of little visual jokes drawn into the background. The artwork is a perfect fit for the story.

Tag and Bink-I heard about them reading a 'Best Of' list of the Dark Horse line of Star Wars comics and I had to check them out. I'm a fan of Rosencrantz and Guildenstern and this is definitely along those lines, although a fun take on the underbelly of the Star Wars movieverse and what it takes to survive or not survive the Star Wars. With plenty of jokes and shout-outs to fan culture along the margins.

I loved this book, a collection of all the Tag and Bink stories save for one that was published in Star Wars tales. Here we see two goofy Rebel troopers who escape Princess Leia's blockade runner by dressing as Storm Troopers end up in the background of almost every scene from episodes 4-6, and even a bit of 1 and 3! The writers manage to find ways to fit these two into iconic situations and even have them CAUSE some of the things. Who were the troopers on duty when Obi Wan crept in to turn off the tractor beam? Why didn't the red clad Imperial Guard intervene in the final battle between Luke and Darth Vader and the Emperor? A great read for Star Wars fans with a sense of humor!

Funniest book ever well. Drawn and tag and bunk can't do it so that is why I love this book

Some clever moments that tie the action into the films are highlights. Art is ok, particularly the "cartoony" versions of movies characters. All-in-all a fun (but mostly forgettable) diversion in the Star Wars Universe.

A wonderful re-imagining of the Star Wars narrative that will make you want to rewatch the films just to see the points it references.

If you take your fandom seriously and use the phrase Canon a lot you might want to pass. But if you like fun and smart Star Wars tie ins this may be for you. There's a lot to like here unfortunately for me not a laugh out loud romp through the Wars but a fun twist on things. Will at least bring smiles if not laughs.
