## **Customer Reviews**

I am a freelance artist with prints and sculptures sold modestly throughout North America and Europe. Of all the different areas of art, designing haunted houses is my real passion- a rewarding indulgence that compensates for being too old to trick-or-treat.

Excellent information from a true insider with over a decade of experience. Being a pro haunt owner myself I agree with everything in the book. Lots of great ideas for smaller shows or home hauntings and professionals as well. Liked the illustrations especially knowing they were done by the author himself.

## Some good ideas for Halloween

This is a well-written book written by a very talented artist. It has many helpful ideas and I highly recommend it to anyone looking to create a haunted house on a budget (just like the title says).

For a beginner it's got some advice. If you have a haunted house and the fire department inspects and you use his wall, you will get failed..
