Ready-to-Wear Apparel Analysis (4th Edition) (Fashion Series)

Synopsis

A lively introduction to apparel production with unparalleled focus on quality. *Ready-to-Wear Apparel Analysis, Fourth Edition*, introduces fashion students to the production of ready-to-wear apparel and the objective evaluation of production costs and product quality. It provides a comprehensive overview of apparel production balanced with an impressive level of detail about apparel quality, enabling students to design and specify the best quality apparel possible at a particular price point. The book takes an industry approach, integrating the study of traditional clothing design and construction with current practices of the apparel manufacturing industry. Coverage of practical issues, industry methods, best practices, and related vocabulary effectively prepares students for tasks and challenges they will encounter in fashion careers.

Customer Reviews

This was my textbook for a sewing class of mine, and I love it. It really goes through the basics of basics for beginners like me! It's the perfect book if you want to learn thoroughly how to sew and/or how clothes are made.

Informative

Good book.

It's great!!

Easy to use

came within a few days and it's brand new :)! Just like it was described.

good condition and was the exact required text

It was cheaper than get it through school since I am a college student I have to watch my money.
