James Patterson has had more New York Times bestsellers than any other writer, ever, according to Guinness World Records. Since his first novel won the Edgar Award in 1977 James Patterson's books have sold more than 300 million copies. He is the author of the Alex Cross novels, the most popular detective series of the past twenty-five years, including Kiss the Girls and Along Came a Spider. He writes full-time and lives in Florida with his family.

My son has loves these books & he's not a reader so anything that gets him typ read is 5 stars for me!!!

Great series! Also, finally figured out how to purchase ebooks on /kindle for iPhone/iPad. Wouldn't let me purchase ebooks and only download the sample. I ended up buying the paperback and paying for Two day shipping only to purchase it again electronically. Prime membership should bring back the free two day shipping.

Good to Go

Thank you

This book was purchased to help complete a collection of his works. I'm reading them in order of release, and didn't get to this one yet. However, this author has NEVER disappointed, so I'm confident that the trend will continue.

Awesome funny inspiring. Had great drama action and humor. The progression of the series builds and builds to a spectacular finish!

When I was in middle school, I loved Daniel X with all my heart. So when I found out the final book released, I had to snatch it up. If someone hasn't read this series, I suggest it. It's nice ^-^

I liked this one even better than the last one. it gave me a fuller picture of the character.
