# In A Nutshell - The German Social System: A Short Introduction

## Synopsis

The German Social System – have you ever asked yourself how it works? Here is the nutshell version to give you a basic understanding of it without you having to study it for years. It is written in plain English, and thus not a scientific publication. It is not the goal of this book to argue about details or educate you about delicate manipulations of a complex system. It is simply to give you a general idea about what the German Social System is about, where it came from, and how it works.

## Customer Reviews

This book could use a copy edit, is a little too basic but given the price and "nutshell" format it's ok.
