Customer Reviews

I bought this because of a giveaway I entered into and didn't really know much from the authors and not really knowing what I was going to get into until I read and really enjoyed it. This was my kind of short stories. OMG! The first two I was like "This is sick and twisted." Then when I read the next ones I was hooked. This is the kind of sick and twistedness I love. I am a huge fan of anything paranormal and supernatural but also into the horror and thriller areas. This is my type of books. Keep up the great work. Will continue reading more of these authors.

Very disturbing collection of stories! That's definitely a compliment in a horror anthology though! Prepare to be creeped out! I especially liked J.L. Clayton's story Seeing Red. Although it deals with some sensitive material, it fits well into the horror genre. Recommended for any avid horror fan!

I'm not normally one for anthology books but each story in this book was actually pretty good. I didn't think I was into these types of stories but I was on the edge of my seat to see what happened.

Six short stories and all are creepy, twisted, and somewhat disturbing. All are excellently written by great authors. My favorite was Twisted Insanity. Snag this one for some creepy holiday reading!

entertaining

Such a great lineup of authors and I thoroughly enjoyed every story. I cannot wait to read more by each author!!

This was different I like short stories but not a favorite of mine but these stories were interesting kept you interested a ok read

Phenomenal collection of stories! Can I just say...I want to take Challis home with me and keep her. That story was so twisted. You've read Carrie by Stephen King? Well, move over for Challis. Loved her, and loved that story. All of the stories in this set are top notch, and I highly recommend this anthology for perfect Halloween reading!!
