Contemporary Moral Problems

Synopsis

Explore today's challenging moral terrain with James White's CONTEMPORARY MORAL PROBLEMS. The tenth edition examines the compelling and contentious debate over society's most pressing ethical controversies. This anthology covers divergent viewpoints on many timely issues and introduces students to the major theories in the history of Western ethics. This balanced collection features carefully chosen readings on classic topics such as abortion, euthanasia, and capital punishment. It also engages students in current debates about the financial crisis, world poverty and hunger, same-sex marriage, vegetarianism, war and terrorism, torture, and assassination. Twenty new reading selections ensure up-to-date coverage of contemporary moral issues. This book's well-crafted introductions to each chapter and reading; emphasis on opposing viewpoints; probing review and discussion questions; and provocative case studies allow students to develop a rich understanding of ethical theories and the issues to which they apply. Depend on this accessible, comprehensive anthology to engage your students in a lively and informed discussion of contemporary ethics.

Customer Reviews

James E. White received a Ph.D. from the University of Colorado and is retired after teaching at Saint Cloud State University in Minnesota.

Good quality book for a university's Criminal Justice course. Arrived as described/pictured and on time.

I rented the Kindle edition for my philosophy class. All I can say is DO NOT RENT IT! As I was reading through it to do my homework, huge chunks of the text are missing due to copyright restrictions. It seems like the parts that are left out are the parts I need the most. It is a complete waste of money. I will never rent from again. I rented this because I needed it and I thought paperless would be the easiest.

The book is very dirty and has a lot of sticky notes in it. I can still use it for class, but not very good condition

A+

I found a copy of this in a friend's basement and after thumbing through it I became so interested, I ordered a copy. Excellent arguments from multiple perspectives. A good read for anyone interested in expanding their mind.

for my son this next quarter in school.

Well done presenting moral problems from different perspectives

Was a required philosophy book....very well put together and easy to understand.
